Assumption College Participates in the 47th Women’s National Collegiate Athletic Association (WNCAA)
By: Shekinah Bermejo

Last September 3, 2016 (Saturday), the Basketball, Football, and Volleyball Teams went to Makati Coliseum for the Opening Ceremony of the 47th Women's National Collegiate Athletic Association (WNCAA), the first major league of Assumption College for this school year. During the opening, speeches were given by professional athletes to share their experiences of being an athlete to the participants and for the student-athletes to aspire for more in their upcoming games. One thing that was mentioned in the speech of Alyssa Valdez is that “You can’t become a great player that fast. You have to work for it through your trainings and games”. The ceremony became a reminder to the athletes that even if they don’t win their game or they’re not the best player, they’re just few steps to achieving their goal as long as they don’t give up.
