

SCB-A WELCOME ASSEMBLY TO THE HIGH SCHOOL STUDENTS

By Tia Narciso

The Student Central Board of the Assumption Welcome Assembly took place last August 4th, 2016, on the first day of school. The original song and dance production featured the entire SCB-A's journey through a symbolic storyline of a hike up a Mt. SCB-A as one. The mountain's summit offered yet another hike up a greater mountain; this time, with the entire student body. The storyline and theme reflected the journey of the SCB-A over the summer, hoping to transcend the same passion among the students, and welcome them to the new school year. This school year, the whole council together with the student body will strive to remain true to its thrust, "Dare to Inspire, Transform and Climb Higher".
